SEPTEMBER 4th - 7th 2019**

Supported by

M O N T E R R E Y , N . L . M É X I C O

The City of the Mountains is an excellent meeting point for business tourism which combines natural beauty with the ideal infrastructure for being a congress venue to hold important business conventions, corporate and academic meetings, sports and even health care events

W E L C O M E

Dear Friends, Colleagues and Participating Companies:

On behalf of the XII International Congress of Phlebology and Lymphology and the 2nd International Phlebology Forum, I am pleased to give you the warmest welcome to this scientific event with which we continue with our mission to promote the development and constant updating of Phlebology and Lymphology; our Congress will have the endorsement of the Union Internationale de Phlebologie, the Pan-American Society of Phlebology and Lymphology, the J. Raymond Tournay Medical Surgeons College, as well as the collaboration of associations such as Phlebo from Dr. Zoltan Varady.

The Organizing Committee of the XII Congress is certain of complying with the established objectives, for this reason we have included pre-Congress courses, sessions, workshops, conferences and talks with experts to develop topics of importance in Phlebology and Lymphology.

We will have the opportunity to present research works as well as state of the art technology which will allow us to improve our professional practice.

The event will take place in the Camino Real Hotel in Monterrey, Mexico, from the 4th to the 8th of September 2019, where the City of the Mountains expects us as part of this great academic event as well as social activities, the welcome cocktail, the tequila and the discussion which joins and rekindles friends and colleagues.

We welcome all of you! Your participation is very important to achieve our objectives.

See you in Monterrey!

Dr. Javier Alfredo Serralde Gallegos
